

Annual SRCC Potluck & Election Tuesday, March 3, 2015

**Potluck 6pm
Elections 7:30pm
Grace United Methodist Church
205 East Monroe**

ONCE AGAIN WE GATHER to cast votes for the South River City Citizens Officers and Area Coordinators who comprise our Executive Committee. This is the team that we as a neighborhood elect to represent us at City of Austin council meetings, board and commission hearings. They will govern the association and work diligently on our behalf for the next year!

Our meeting will kick-off with our annual potluck meal at Grace United Methodist Church. This year the potluck dinner starts at 6pm. Following our social gathering, we will elect our new officers. We are fortunate that all current officers have agreed to serve another term: Sounthaly "Tune" Outhavong, President; Gretchen Otto, Vice President; Nancy Byrd, Treasurer; and Garret Nick, Secretary. Nominations will also be accepted from the floor. Anyone wishing to run for office is encouraged to contact Tune Outhavong, our current President, or any of the other officers prior to the March 3rd meeting (see back page for contact information).

Please note that our meeting is on a **TUESDAY**, so make sure you mark your calendars, join your neighbors, make new friends, bring a favorite dish and vote. Disposable dinnerware will be provided, but feel free to bring your own reusable plates, utensils and cups. Children are welcome! ☘

ELECTION NOTE: Feb. 3 was the deadline to become a new member and vote at the general membership meeting, but if your membership has not lapsed more than two years, you can pay your dues at the meeting and vote. Of course, we encourage your membership in the neighborhood association at any time. And come in any event! Meet your neighbors!

Zoning, 2014 and 2015

Marc Davis, marc.davis@gmail.com

AS 2014 CAME TO A CLOSE, one of the larger development projects that our neighborhood had seen in a while was approved by City Council. The Terrace Hotel will be a 102 room luxury hotel, developed by Clark Lyda, run by Liz Lambert's Bunkhouse Group, and is located at 110 Academy Drive between Music Lane and Hotel St. Cecilia. The current property is a group of aging offices and apartments that were once part of the historic Terrace Motor Hotel which stretched across Academy and onto the property that is now State House Apartments.

Lyda and his team approached SRCC in early 2014 with preliminary design plans because they needed zoning and neighborhood plan

PRESIDENT'S LETTER

Greetings Neighbors!

Welcome to our first newsletter of 2015! It's a new year and time for SRCC's annual election for officers and Area Coordinators which will be held at our March 3 potluck. Please feel free to nominate yourself or anyone you think would make a great leader for our organization. Don't miss this important opportunity to vote on who you want to be your leaders for the next year.

Many thanks go out to our new volunteers, Jo Webber and Sara Newsom, for stepping up as Area 3a Co-coordinators. And a very, very special thank you goes out to our newsletter editor Gloria Lee! We appreciate your many years of service to our neighborhood. This issue is Gloria's last gift to SRCC, so we are currently seeking a new newsletter editor. Please contact me if anyone is interested in helping us with this critical role.

Until our next issue, stay safe and warm! It'll be cold just a little longer, according to Punxsutawney Phil!

—Sounthaly "Tune" Outhavong

Permits for 2015 SXSW Events

"Tune" Outhavong, president@srccatx.org

EVENT PERMITS ARE an ongoing concern for SRCC residents, but especially every year during SXSW. Officials with the City of Austin's Music and Entertainment Division recently both met with SRCC leadership and spoke at the February SRCC general meeting, to let us know the measures they are taking to get the number of event permits under control.

This year, the goal is to reduce multi-day event permits by 20-25% citywide during SXSW. Within the SOCO corridor itself, they are reducing these permits from nine in 2014 to seven in 2015. There were 12 multi-day event permits issued in 2013 for this area. While multi-day event permits are temporary and are good for up to four days of an event, outdoor music venue permits (OMV) are year-round. Currently six businesses on SOCO that have OMVs, and they were factored

SRCC Briefs

■ **Calling all Thunderbirds! Travis Heights Elementary is 75!** Join us Saturday, April 11 (2-5pm) as we celebrate the history of our neighborhood school. There will be food and fun for Thunderbirds of all ages! Spread the word and invite your friends and family to join us in celebrating 75 years of

awesome! If you have questions or would like to help with the planning fun, contact Julie Ulrich at 512-576-4378 / utulrichs@yahoo.com or contact Julie Underwood at julie.underwood@austinisd.org.

■ **Help SRCC from the comfort of home!** We need a volunteer to go back through the meeting minutes on the SRCCatx.org website and copy/paste the MOTIONS into a spreadsheet for quick/easy future reference. This is NOT a super technical job, and can be done from the comfort of your own home or even from a lawn chair in the park! Send an email to secretary@srccatx.org and I'll get you all setup.

■ **A neighborhood listserv** www.groups.yahoo.com/group/SouthRiverAustin, run by our longtime Travis Heights resident Jane Kellogg, is open to anyone to post a message. To subscribe, send a blank email to: SouthRiverAustin-subscribe@yahoo.com or visit the newsgroup website.

■ **Stay current with SRCC's** website and through RSS, Facebook and Twitter. Visit the site at www.srccatx.org.

Norwood Park Project: Moving Along Nicely and More!

Caroline Wright,
caroline.wright@norwoodparkfoundation.org

IN DECEMBER, THE NORWOOD HOUSE was picked up and moved for the third time in its history—this time only temporarily to make way for construction of a new foundation. The piers are drilled, the grade beam is now done, and the house will soon be back in its correct historical location, with new foundation walls completed. By April, when Phase 1 of the Norwood Project is done, the structure will have been permanently stabilized and will have a new subfloor and roof decking. This stabilization will allow the house to sit tight while Norwood Park Foundation (NPF) moves forward with planning and fundraising for the remainder of the project.

We will soon be using a grant from SRCC to restore the historic view of downtown and uncovers formal garden structures by removing dead and invasive trees. Another grant will provide care for our heritage oaks. We appreciate the support of SRCC as we continue moving forward.

NPF is planning a volunteer project for "It's My Park Day" on March 7th. Please join us; for more information and to register: www.austinparks.org. We can't finish the Norwood Project without you! ☘

SRCC Seeking Volunteers!

VOLUNTEERING WITH SRCC is a great way to meet neighbors and get involved in your community! If you are interested, contact Sounthaly Outhavong (president@srccatx.org) or Gretchen Otto (vicepresident@srccatx.org).

• **NEIGHBORHOOD WATCH PATROL CHAIR** After several years we now have a group of trained patrollers covering the entire SRCC area. Raymond Sinatra, with help from past leadership, has laid the foundation that makes the program easy to run and requires a small time commitment. Please let Raymond know if you are interested in helping drive down crime and bring new energy to our program: raymondsinatra@yahoo.com.

• **NEWSLETTER EDITOR** We are seeking someone to take over as the newsletter editor, designer and pre-press layout person. Printed three times a year, the newsletter is important for reaching our neighbors. The newsletter editor works with a great team of people who assist in collecting both articles and images. If interested, contact Gloria (newsletter@srccatx.org); she will be happy to tell you more about the streamlined process that has been developed over the years!

• **SPECIAL EVENTS COMMITTEE CHAIR** Enjoy socializing, organizing and mobilizing? Well you could just be our next Special Events Committee Chair! SRCC needs one of our fantastic residents to help us plan 3-4 of our main events of the year. These are all low-key, fun, family-friendly events that are spread out every few months throughout the year. ☘

Call for Participation: The Larry Monroe Forever Bridge

Ave Bonar, ave@avebonar.com

IN DECEMBER 2014 THE CITY OF AUSTIN and Austin Arts Commission approved a plan for "The Larry Monroe Forever Bridge," a tribute mosaic for the late Austin DJ, Larry Monroe. The mosaic will be on the small bridge on Eastside Drive, just north of Monroe Street between Big Stacy and Little Stacy Parks, near where Larry once lived.

Larry was a beloved musicologist who hosted iconic radio programs on KUT-FM for 29 years and KDRP Sun Radio for three. His popular programs include "Blue Monday," "Phil Music" and "Texas Radio Live," the last still ongoing at Güero's Oak Garden every Wednesday night from 6-8 pm. While Larry was knowledgeable about many genres of music, his specialty was Austin and Texas songwriters, and he never stopped promoting them—Larry is one of the reasons Austin is known as the Live Music Capital of the World.

Mosaic artist Stefanie Distefano and I will head up a team of volunteers who will create the tiles for this community-based mosaic project. If you would like to help make tiles or assist in the final production of the mosaic, email me at ave@avebonar.com. We are also fundraising for the project; all contributors will have tiles with their names included in the mosaic. To learn more, go to www.crowdrise.com/LarryMonroeBridgeProject. ☘

changes in order to make their concept a reality. Through most of 2014, a team of representatives from SRCC and the GSRC Neighborhood Plan Contact Team worked closely with the developer to consider their proposal. The property is surrounded by commercial use (including another hotel), and thus development was determined to be an appropriate use for that part of the neighborhood. However, the project still required amendments to the Fairview Park Neighborhood Conservation and Combining District, and the Neighborhood Plan's Future Land Use Map, as well as an underlying zoning change. SRCC and the GSRC Neighborhood Plan Contact Team do not take such changes lightly and worked very hard to come up with a set of restrictions and concessions that benefited the neighborhood in exchange for the zoning and plan changes needed. In the end, Lyda and his team agreed to have per-building height restrictions, event size limitations, no outdoor amplified sound, access restricted to Music Lane, free valet parking, and the construction of a 200 space parking garage among many other things. These were set into a Private Restrictive Covenant and reviewed and approved by a lawyer of our choice. City Council approved the changes on December 11th.

This process is an excellent example of how a developer can work pro-actively with SRCC to produce an excellent product with neighborhood support. We look forward to the Terrace Hotel opening and hope that other developers will work with us in a similar manner in the future.

As 2015 begins, another project returns to the spotlight. Reagan Outdoor Advertising owns property on the

Northwest corner of Woodland and I-35 and engaged with SRCC a few of years ago to acquire a zoning change to allow them to develop the property into a commercial self-storage facility. To obtain the zoning, Reagan agreed to restrict the use of the site to only self-storage (or anything that was allowed under the original office zoning) with restrictions on physical qualities of the building and hours of operations, among many other things. The goal was to make the structure appear and behave as much like an office building as possible. This resulted in a Private Restrictive Covenant between Reagan and SRCC that very narrowly defines what this development can act like.

The site has remained undeveloped—until now. SRCC received notice in December that the Reagan has submitted a site plan for administrative approval—which means they do not require any additional variances or waivers to get it approved. SRCC is following this process closely and has requested to meet with the developer to ensure that the site plan will adhere to the restrictions that were stipulated in our Restrictive Covenant. One of the difficulties with Private Restrictive Covenants is that the City does not get involved in enforcing them—SRCC must ensure that the site plan that the developer has submitted adheres to the restrictions in our agreement. That said, it is in the developer's interests to make sure that they are not violating the agreement in any way—for SRCC can file an injunction that will stop all development or operation of the site until it can be determined that they are in compliance. We will continue to update you on this development. ☼

Communications: Increasing Access in 2015

Justin Chang, communications@srccatx.org

THE COMMUNICATIONS COMMITTEE wants to know how we can make following SRCC easier for you! We welcome all of your feedback and ideas at communications@srccatx.org. So far, we have several initiatives for this year:

- **Launch a new monthly email alert for interested residents with easy access to learn more about meeting issues and the latest neighborhood news.** Check our website srccatx.org in the coming weeks for details on signing up.

- **Increase SRCC website and social media content with regular neighborhood news stories and committee updates.** Encourage residents to reach out to SRCC with their opinions via email or social media.

- **Outreach to circulate print newsletters among condominium and apartment communities in the SRCC area to build awareness.**

While the SRCC newsletter and general meetings will remain the primary channels of resident education, discussion and voting, we hope that our enhanced online tools will help us reach the community more frequently. And follow us on Facebook and Twitter (@SRCCATX)! ☼

SRCC Logo Contest!

"Tune" Outhavong, president@srccatx.org

WE SEEK SUBMISSIONS for a logo from the great minds and talent within our neighborhood. We have a wonderful volunteer organization that needs an image everyone can identify with—you, our neighborhood, and the City. Let us know what you think embodies SRCC and our neighborhood by sending in your ideas!

- **Contest Period:** January 5, 2015 – March 3, 2015

- **Deadline:** March 2, 2015

- **Final Judging:** March 3, 2015

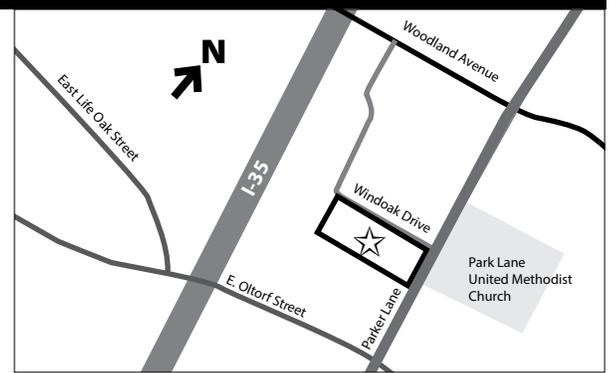

- **Eligibility:** Anyone who would like to submit a logo design.

- **Submissions:** All submissions must be received by March 2 and emailed to president@srccatx.org. Questions should also be directed to this email. Submissions will be accepted in any form (digital, print, rough drafts, etc.). If a design has been chosen by the members and requires further refinement, SRCC can help to produce a finished digital design.

- **Judging:** Judging will be done through a vote of SRCC members at the March 3, 2015 general membership meeting.

- **Prize:** The winner will receive 1) Bragging rights! 2) Acknowledgment on the SRCC website, social media accounts and newsletter.

- **Rights:** Once submitted, logo designs will become property of SRCC. Winner of the logo contest will be asked to sign a release form, assigning all ownership rights to SRCC.

Heritage Oaks Park Gets Grant from Austin Parks Foundation

Carol Martin, membership@srccatx.org

SRCC HAS RECEIVED A GRANT from the Austin Parks Foundation that will be used to improve our neighborhood's new 'pocket park', Heritage Oaks Park. The park is located in SRCC Area 7 at the corner of Parker Lane and Windoak Drive. The grant will fund installation of picnic tables, trash receptacles, benches, a trail loop and ramp access to meet ADA requirements. Austin Parks Foundation is a partner in the project and will provide, in addition to the funds, many resources including support of workdays in the park, signage and guidance in successful park development. The park is distinguished by four magnificent heritage oaks located on a central high point. The west end slopes gently to a riparian growth zone and pond. Users of the park can enjoy the generous shade, the views from key vantage points, and two open areas. Dogs on leash are welcomed.

Acronym Alert: SRCC; EROC. See footnote at end of article.

You may remember the property at 2100 Parker Lane as a private residence notable for the large colonial style house. The transformation from a residence to a city park was an 8-year effort by neighborhood residents active in the area planning teams** and SRCC members, notably Toni House, Fred Krebs, Gayle Goff, Linda Land and Helen Fleming. In 2003, EROC and SRCC recommended that the property be considered for purchase by the City of Austin as a park. At that time, it was for sale for less than \$400,000. Neither the City's Planning and Zoning Department nor PARD supported the combined neighborhoods' recommendation. Undaunted, the organizations continued to make the case that this is a densely populated area of the City that lacks sufficient parkland and the best use of this property was as a park.

Several years later, the first application for an up-zoning of the 2100 Parker Lane property to a higher density use was filed. The highly contested up-zoning was granted in April 2006, but due to the combined efforts of SRCC, Pleasant Valley and Parker Lane residents, the City imposed a public restrictive covenant prohibiting the removal

of all trees on the property having a circumference of 60 inches or more, measured four and one-half feet above natural grade.

During the summer of 2006, the property owner filed an application to up-zone the adjoining lots where the pond is located (1701 and 1703 Windoak Drive). Prior to the case being heard by City Council, SRCC was successful in convincing Mike Lyday, a Senior Environmental Scientist of the City's Watershed Protection and Development Review Department, to perform a wetland assessment of the property. Mr. Lyday designated the area as a wetland critical environmental feature (CEF). Although highly contested, the up-zoning was granted, however the CEF designation provided some additional protection for the property.

In the summer of 2010, the property owner's agent contacted Fred Krebs, SRCC Area 7 Coordinator, regarding whether SRCC would support the possible acquisition by PARD of the 2100 Parker Lane, 1701 and 1703 Windoak Lane properties for a pocket park. SRCC, Parker Lane and Pleasant Valley residents had never stopped lobbying for the purchase of this property as a park, and quickly stepped up these efforts. To express the neighborhood's support for the purchase, emails were sent and meetings held with PARD staff, Parks Board members, Neighborhood Planning staff and City Council members. When negotiations between PARD and the property owner stalled, more emails were submitted and SRCC members met with Council Members Laura Morrison and Chris Riley in an attempt to get things moving again.

Finally, in December 2011, PARD and the property owner reached agreement on the purchase price and the planning began in earnest. An early participant in the Adopt-A-Park program, the neighborhood formed Friends of Parker Lane Park. To commemorate the majestic heritage oaks, the property was named Heritage Oaks Park in 2012. Helen Fleming recruited neighbors and organized workdays and projects such as removing litter, preparing soil for planting wildflowers, and adding mulch. Now neighbors will be working with Urban Forestry to plant native slow growth hardwood trees. It is recognized that certain areas, especially the pond, should remain wildlife

Grace United Methodist Church

LOCATED AT 205 MONROE, Grace United Methodist Church is a community church with open hearts, open minds and open doors. We have been located in the Travis Heights neighborhood for over 115 years. Maybe you and your children have enjoyed our annual Pumpkin Patch or a walk through Aunt Catherine's Garden on the corner? We are offering tours of our sanctuary and building beginning at 5:30 PM before the Potluck dinner on March 3.

GUMC is affiliated with the Reconciling Ministries Network, a growing movement of United Methodist individuals, congregations, campus ministries, and other groups working for the full participation of all people in The United Methodist Church. Although not as large as we once were, we still feel a true commitment to the Travis Heights neighborhood. We are exploring new ideas of how to connect with the community, and would appreciate input from you as to how we can better serve you and remain a vital presence. Please email Carolyn Moore, Administrative Chair, at cabmoore@hotmail.com with thoughts and ideas.

While our Facebook page and website are being updated, we invite you to visit us at www.gracemethodistaustin.org. Our worship on Sunday is at 9am in the Sanctuary. All are welcome. ☘

habitats. The pond is spring fed and home to a healthy population of mosquito-eating fish. The pond area also provides migratory shelter for egrets, occasional foxes and other wildlife. Neighbors will work with Grow Zone coordinators to develop a long-term riparian plan that will conserve the delicate ecological balance. SRCC is grateful to the Austin Parks Foundation for awarding this generous grant and being a partner with the neighborhood in improving and conserving Heritage Oaks Park. ☘

**SRCC – South River City Citizens Neighborhood Association; EROC - East Riverside / Oltorf / Combined Neighborhood Planning Area.*

Note: EROC includes the planning areas of Parker Lane Neighborhood Planning Area (NPA) and Pleasant Valley NPA, in addition to the Riverside NPA, in which SRCC Areas 6 & 7 are located.

SPECIAL THANKS AND FOND FAREWELL

Marc Davis and Carol Martin

We are sad to report that long-time resident and tireless SRCC supporters, Gloria Lee and Matt Lynaugh are moving out of the SRCC area. This edition of the SRCC newsletter marks the end of Gloria's role as Chief Editor, Graphic Designer, Copy Editor, Acquisitions Editor and Production Manager. She has been wrangling contributors, editing and writing content, perfecting the layout, and delivering newsletter to the printer since March 2011. Also as part of the original Communications Committee that created the SRCC website, Gloria developed the workflow that combined posting articles to the website and sharing content with the print publications. She has the creative sensibility, technical savvy and practical approach that made all that work look seamless even under looming deadlines. We are going to miss having Gloria and Matt in our organization tremendously and we think their new neighborhood is incredibly lucky to have them. ☘

SXSW 2015 Sound and Permits, continued from page 1

into the overall impact of events on the neighborhood during SXSW. City officials have committed to only approving seven multi-day event permits in 2015 along the SOCO corridor between Riverside and Ben White. (See chart below.)

Although permit application notices are automatically

OMV holders	SXSW 2015 Multi-day event	SXSW 2014 Multi-day Event
Jo's Coffee	Hotel San Jose	Hotel San Jose
Botticelli	St. Vincent de Paul	St. Vincent de Paul
Lucy's Fried Chicken	Home Slice Pizza	Home Slice Pizza
Snack Bar	Yard Dog	Yard Dog
Homeslice Pizza	P&W	P&W
Guerro's	Doc's	Front Gate Tickets
	Penn Field	Austin American-Stateman
		Hill Country Weavers
		Arlyn Studios

sent to residences and neighborhood associations within 600 feet of the property seeking an event permit, **these are only alerts**. They do not mean that the applications have been approved nor that they will be approved at the stated decibel limit. The stated decibel limit is a default of the highest limit that can be granted.

This year the City is leasing three mobile sound monitoring systems that can be placed in areas to measure the decibels. They plan on placing one to two of them in the SOCO area for one to two days to capture sound levels during SXSW. (These can be placed in problem areas at any other time as well.) They can revise permits and place further restrictions immediately if the systems show that venues are not complying with their permits. SOCO, East 5th and 6th Streets are identified as their biggest areas of concern during SXSW 2015 in regards to event permits and sound. They'll be creating a citywide sound map this year to track sound problem areas.

Other positive steps include Austin Police Department's addition of a new, dedicated enforcement officer to assist the Music and Entertainment Division in enforcing event permit violations. Officials will now be able to monitor sound levels from their command station during SXSW and notify the enforcement officer of violations in progress. Also, some event permit holders will be required to reset their speakers so they face at an angle towards the ground rather than straight out. Hotel San Jose will be one of those venues.

One final improvement this year will be a significant TABC presence during SXSW 2015. Although alcohol regulation does not fall under the Music and Entertainment Division's purview, this additional safety measure came about because of the post-SXSW report last year. ☘
