

CoA could transform the current water management into Low Impact Development and bring back wildlife to this area, use this area as a teaching tool for sustainable water management AND provide a hike/ bike path to connect Blunn Creek, AISD and St. Edwards

St. Edwards has a Environmental Science program and police program that would benefit by this effort. AISD Travis HS could develop an environmental program and police program

AISD Travis HS

City of Austin Watershed Warehouse ROW

Walmart, Habitat for Humanity and The Home Depot could all be contributing partner\$.

St. Edward's University

Austin Habitat for Humanity ReStore

Austin Independent School District

AISD Central Warehouse

AISD Food Service teaching farm and AISD Police ropes course

The Home Depot

AISD Headquarters houses AISD Police who would provide a presence in using this connectivity path for training and exercise.

Walmart Supercenter

AISD NewHQ
